TENNESSEE CHANGES DRUG FREE WORKPLACE TRAINING REQUIREMENTS EFFECTIVE JULY 1, 2016

- Senate Bill 2582 was recently signed into law and will change the drug free training guidelines for some existing employees July 1, 2016.
- The new bill states: **The drug free requirements shall not require an employer to provide annual education or awareness training for each employee if all existing employees have undergone such training at least once and have acknowledged annually (in writing) the existence of the employer's drug-free workplace policy.**
- At this time Supervisors will still be required to complete drug-free training on an annual basis
- **Included below is a link to the drug free training site:**
